

SHERIFF TELLS HOW MILLMAN GIRL MET DEATH

DETROIT OFFICER BELIEVES
MONEY WAS SENT HER TO
HAVE SURGICAL OPERATION
PERFORMED WHICH WAS UN-
SUCCESSFUL.

By Associated Press.—"I am convinced money was sent May Belle Millman by some man for the purpose of having performed a surgical operation," said Sheriff Gaston, of Detroit, this evening, in referring to the Millman murder. "This was the reason she left home, the operation was unsuccessful and she died. Then the body was disarticulated, the incriminating portion destroyed and the rest thrown in the creek. The girl probably aided in the plans for secrecy should death follow."

Substitute Ordinance in Council for New Railroad to Andalusia

(Continued from First Page.)

and gas committee's letter, were referred to the finance committee.

NEW ORDINANCES.
Alderman Moyer, of the franchise committee, stated that his committee had conferences with officials of the electric company and also had conferred with the city committee regarding the proposition of having removed the tracks from the Palafox Parkway center, and after full and free discussion had concluded that the best way to dispose of the question was to bring it up in the shape of an ordinance. He secured, on request, unanimous consent for the introduction of an ordinance, which he read, but which, he said, the committee had not committed themselves in any way to, as it had been prepared by an attorney for the electric company. The ordinance was ordered published and appears in the Journal today. It was also properly referred.

Alderman Moyer also secured unanimous consent for the introduction of an ordinance making the salary of the inspector of buildings \$1800 per annum. This went to the finance committee.

Alderman Williams gave notice that the Andalusia railroad projectors had substituted an ordinance for that one previously before the council. In its present shape, the measure was technically a new one, and the alderman named secured unanimous consent to read it the first time. Publication of the document was ordered, each councilman was to receive a copy and it went to the committee on franchises and privileges.

The ordinance regulating sidewalk construction in the city limits was amended very much. Alderman Williams moving to strike out everything but the title, which was done. Then voluminous amendment was made, such having been read by Mr. Williams. Having a motion passed that the amended portion be adopted, he moved that it be placed on second reading. That motion prevailed, and the 25-section measure was read the second time and was then referred to the ordinance and engrossing committee.

SENSE ABOUT FOOD

Facts About Food Worth Knowing.
It is a serious question sometimes to know just what to eat when a person's stomach is out of order and most foods cause regular trouble.

Grape-Nuts food can be taken at any time with the certainty that it will digest. Actual experience of people is valuable to anyone interested in food.

A Terre Haute woman writes: "I had suffered with indigestion for about four years, ever since an attack of typhoid fever, and at times could eat nothing but the very lightest food, and then suffer such agony with my stomach, I would wish I never had to eat anything."

"I was urged to try Grape-Nuts and since using it I do not have to starve myself any more, but I can eat it at any time and feel nourished and satisfied, dyspepsia is a thing of the past, and I am now strong and well."

"My husband also had an experience with Grape-Nuts. He was put under the doctor's care but medicine did not seem to do him any good until he began to leave off ordinary food and use Grape-Nuts. It was positively surprising to see the change in him. He grew better right off, and naturally he has none but words of praise for Grape-Nuts."

"Our boy thinks he cannot eat a meal without Grape-Nuts and he learns so fast at school that his teacher and other scholars comment on it. I am satisfied that it is because of the great nourishing elements in Grape-Nuts."

"It contains the phosphate of potash from wheat and barley which combines with albumen to make the gray matter to daily refill the brain and nerve centers."

It is a pity that people do not know what to feed their children. There are many mothers who give their youngsters almost any kind of food and when they become sick begin to pour the medicine down them. The real way is to stick to proper food and be healthy and get along without medicine and expense.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

"O, If I Could Only Stop That Pile- Hole!"

You can stop it, and instantly, by getting a package of Dr. Hebra's Ungoid. It is a wonder in curing itching piles, as well as eczema, barber's itch, tetter, ringworm and other skin eruptions, and sores. One application will prove it. Dr. Hebra's Ungoid has no equal for these troubles. Get a package today. It costs only 50c and it will be money well spent.

Dr. Hebra's Ungoid, sold by all druggists at 50c a package, or sent prepaid by The G. C. Bittner Co., Toledo, Ohio. Always send name of your druggist.

For sale in Pensacola by W. A. D'Alemberte, Druggist and Apothecary, 121 S. Palafox Street.

tee and city attorney. The ordinance regulating grade on Cedar street, between Jefferson and Commandancia, was reported on favorably, but on third and final reading and passed.

FOR CITY DEPOSITORY.
Alderman Welsh introduced a resolution providing for the appointment of a city depository. The resolution provided that bids be asked from the different city banks, these to be in sealed form and to be opened on the 13th of the month of September. Bids will be asked through the medium of local newspaper advertising. Bids will be asked on three classes, viz: \$5,000 for 90 days; \$5,000 subject to check on 30-day notice, and day balances excepting fixed amounts provided for. The resolution was adopted.

SALARY INCREASES.
A letter from Recorder Johnson asked that his salary be increased from \$900 to \$1200 per year. It was referred to the finance committee.

Giving reasons for the request, Supervisor of Registration J. D. Goss asked that his salary be fixed at \$600 per year and that it be paid monthly or semi-monthly. The applicant stated that new legislation made his work much heavier than formerly. It was referred to the finance committee.

Another paper referred to the finance committee was a bond of Walter Pitt, superintendent of the water works plant. This was in the sum of \$5,000, with W. E. Hyer, Jr., and Henry Hyer as sureties.

Applications for permits to sell liquors in the city were received from A. Moog, Lillenthal Liquor Co., L. Brickman and the Grell Trading Company. They were ordered to take the usual legal course.

The council adjourned at 8:50 o'clock.

BEULAH.

Special to The Journal.

Beulah, Sept. 8.—We are surely having plenty of rain here as it rained every day but one last week, and we had heavy showers Monday and Tuesday of this week.

Ralph Snowden, of Quintette, is at the home of his parents, Mr. and Mrs. James Snowden, sick with fever.

Miss Mary Spare is at home after a week's visit with her sister at Quintette.

James Snowden and Thos. Hanna were the guests of relatives at Quintette Sunday.

John T. Wilson, who has been seriously ill, is getting better and is able to be out again.

Thos. Hanna was taken sick while at work at the still Monday and had to be taken home, but is some better at this writing.

The friends of Mrs. Eliza Busbee will learn with regret that she is no better, but is still able to be up and around the house part of the time.

Mr. and Mrs. Walter Bryant, of Millview, were the guests of A. J. Busbee and family Saturday, and also spent Sunday with Mr. and Mrs. Will Olsen, of Pine Forest, returning to their home at Millview Sunday evening.

James Bryant is sporting a new spring wagon, purchased in the Deep Water City last week, and it is a dandy.

Mr. and Mrs. Walter Bryant, of Millview, were the guests of A. J. Busbee and family Saturday, and also spent Sunday with Mr. and Mrs. Will Olsen, of Pine Forest, returning to their home at Millview Sunday evening.

James Bryant is sporting a new spring wagon, purchased in the Deep Water City last week, and it is a dandy.

M'CARN AFTER THE NASHVILLE LIQUOR MEN

HAS PLENTY OF LIQUOR AS EVIDENCE AND WILL KEEP GRAND JURY BUSY RETURNING INDICTMENTS.

By Associated Press. Nashville, Tenn., Sept. 8.—Attorney-General M'Carn has under lock and key over two hundred bottles of whiskey which officers have secured in their visits to places under suspicion of having violated the statewide prohibition law.

"I am going to make some of them hump when we get things into working order," said Attorney-General M'Carn today. "I am going to keep that grand jury busy looking for cases of violation of the prohibition law and I expect that many indictments will be returned."

Peary Denounces Dr. Cook Latter Will Prove His Claim

(Continued from First Page.)

the first expression of opinion in any one in a position to know the facts of the Arctic region on which Dr. Cook's claims are based. It contains a direct intimation that Cook never reached the pole after all.

The dispatch from Commander Peary was responsive to an inquiry sent by wireless telegraph to him at Indian Harbor, immediately following his first announcement. The first message from Peary, received by the Associated Press at 12:39 p. m. last Monday, came with such startling suddenness that the most urgent measures were immediately adopted to confirm its absolute authenticity. This was quickly done and the message traced to its source and verified.

At the same time an urgent dispatch was immediately sent to Commander Peary by cable to Halifax and thence by land wires and wireless to Indian Harbor asking him for additional particulars and corroborative details and informing him that Dr. Cook's arrival at Copenhagen September 4, claiming to have reached the pole April 21, 1908.

This dispatch to Peary was sent within a few minutes after the receipt of Peary's first telegram announcing his achievement and it was evidently on coming within the range of civilization that Cook had already set up the claim of being the first discoverer of the north pole. Commander Peary's response therefore embodies his views on first hearing the news that his announcement of the discovery of the pole was disputed by Cook.

The attention of Europe and America continues to be centered on the announcement of the two north pole explorers. Dr. Cook lectured at Copenhagen last night, when he had ample opportunity to substantiate his claims, was received there without the indications that it was accepted as conclusive and the increasing skepticism reported from foreign capitals.

BROOKLYN MAN GETS WIRE FROM PEARY

New York, Sept. 8.—A dispatch from Commander Peary which was received by Herbert L. Bridgman, Brooklyn, today gave some details of the explorer's return from Etah told of the movements of Harry Whitney, the Arctic hunter of New Haven, Conn., and mentioned Dr. Cook. The message follows:

"Indian Harbor, via Cape Ray, N. F., Sept. 8.—H. L. Bridgman, Brooklyn, N. Y.: Took Whitney on board at Etah. Cook gone to Copenhagen. Met Jeanie off Saunders Island, August 29. Coaled North Star Harbor. Whitney went on board Jeanie. Parted company after twenty-fourth. (Signed) 'PEARY.'"

The Jeanie is the Peary relief steamer which sailed from New York this summer for the search for the explorer and bring him back to New York if the steamer Roosevelt had been disabled in the ice.

THE ROOSEVELT SAILS FROM INDIAN HARBOR

Indian Harbor, Labrador, Sept. 7. (Via Cape Ray, N. F., Sept. 8.) Commander Robert E. Peary and his party sailed from here today for Sydney, N. S.

The Roosevelt arrived here Sunday night and has been detained until this morning by a heavy gale. On the arrival of the Roosevelt Dr. Peary and Captain Bartlett came ashore and personally filed the dispatches which were sent by wireless to the United States.

Commander Peary expressed gratification at his success in discovering the north pole. He and Captain Bartlett appeared to be in the best physical condition.

The Roosevelt is uninjured from her long and arduous voyage through the ice packs of the Polar seas.

Unless the Roosevelt stops at Red Bay, Labrador, to permit Commander Peary to file the details of his successful exploration, it is not believed that the interesting story can reach the outside world for at least three days.

Battle Harbor, (By wireless from Cape Ray, N. F., Sept. 8.)—The steamer Roosevelt, with Commander Peary on board, left Indian Harbor today for Battle Harbor. She is expected here tomorrow and will take on coal.

PEARY'S VESSEL IS NOW SHORT OF FUEL

Halifax, N. S., Sept. 8.—A message received here today from Red Bay, Labrador, says the Roosevelt, bearing

Commander Peary's north pole expedition, is short of fuel, having missed the supply ship sent from Newfoundland several weeks ago, and that she left Indian Harbor this morning, going at the rate of about five knots an hour.

The ship is battered and may be burning some of her woodwork for fuel.

The information in this message conflicts with that contained in a message from Battle Harbor, stating that the Roosevelt was sighted at that port at 10 a. m. today. It is believed that the Battle Harbor message must have been delayed in transmission and that the hour should have been 10 p. m. yesterday instead of 10 a. m. today.

COOK WAS NERVOUS WHILE WAITING FOR SHIP

Copenhagen, Sept. 8.—Several of the local newspapers today publish letters from Greenland in which it is stated that Dr. Cook, while awaiting the coming of the Hans Egede, was in an extreme state of nervousness and anxiety. He was desirous of returning to civilization as quickly as possible because he had heard the report that Peary had reached the pole and wanted his own announcement to be made first.

Dr. Newman M. Hansen, who was with Cook for six weeks on board the Hans Egede, said today that the explorer's nervousness disappeared when he came on board the steamer. Dr. Hansen had many opportunities of hearing Dr. Cook's statements, which throughout the voyage were unvaried. Asked whether reports were current in Greenland that Dr. Hansen had not reached the pole, Dr. Hansen replied "no," but he explained that it was easily possible for the verities of the trip given by the Eskimos to vary and reach civilization in a distorted shape.

Regarding the various versions of the story about Dr. Cook having used Commander Peary's Eskimos and supplies and Commander Peary having made use of the stores and Eskimos held by Dr. Cook, Dr. Hansen could only say that Dr. Cook had informed him that Peary had used his (Cook's) provisions.

Dr. Cook told the Associated Press today that he would answer no charges on this subject until he knew the real nature and whence they came. He then would be prepared to give a complete reply.

PRESS OF PARIS IS ABSORBED IN CLAIMS

Paris, Sept. 8.—The press of Paris continues to be absorbed in the rival claims of Dr. Cook and Commander Peary to the discovery of the north pole and there is a noticeable drift of opinion in the direction that Dr. Cook will have difficulty in proving the validity of his claim in the face of such an experienced explorer like Peary.

Practically all the newspapers agree that Dr. Cook has passed into the background since Peary entered upon the scene.

The Matin says that Dr. Cook's lecture at Copenhagen last night fell coldly upon his audience.

The Journal also agrees that Dr. Cook's lecture has made a bad impression.

Petit Parisien says the world will acclaim the real conqueror of the pole and it publishes the insinuation that Cook is merely trying to appropriate to himself the honor which belongs to Peary.

GIBSON OF PITTSBURG HAS CAUGHT 111 GAMES

By Associated Press. Pittsburgh, Sept. 8.—When Catcher "Hack" Gibson worked in today's game against the Cubs he equaled the wonderful record made by Charley Zimmer, who caught 111 consecutive games during the season of 1890. It was much harder now to make such a record than ever before as the game has changed and the wear and tear on a catcher is harder, especially when the team has been catching for a long time in the lead so long.

Holder of records for catchers are Flint, who caught 120 out of 121 games while a member of the Chicago team in 1877; McGuire, now managing Cleveland, who caught 132 games during the season of 1896; King of the Champion Cubs, who caught the same number as in 1903.

NEGRO ON TRIAL FOR SHOOTING WHITE MAN

Canton, Ga., Sept. 8.—J. B. Kellogg, the negro who shot and killed J. E. Landers, a white man, recently in a gambling game, was placed on trial today at a special term of the superior court. Kellogg admits his guilt and the case will go to the jury some time today. Lester B. Davis, a white man, who recently was criminally assaulting Mrs. Ella Huey, a widow living near Woodstock, will be placed on trial at the conclusion of the Kellogg case.

MONUMENT FOR DUNCAN.

Nashville, Tenn., Sept. 8.—On September 18 a marble monument will be placed at the grave of Jesse Duncan, the first white man buried in Tennessee and who was killed by the Indians in 1765. The location of the lonely spot where sleep the bones of this man of early history is on the banks of the Watauga river in Washington county, within a short distance of the mouth of Boone's Creek. On the occasion of placing the monument speeches will be made by prominent Tennesseans.

FLOUR IS SEIZED.

La Crosse, Wis., Sept. 8.—Gordon Rockliff, U. S. marshal for the western district of Wisconsin, and his deputies today seized a car-load of flour at Mazomanie, Wis., and another at Madison, Wis. All of the flour is alleged to have been bleached with nitrogen peroxide in violation of the pure food laws. The company will test the statute.

WAR AMONG CATTLEMEN.

Fort Worth, Texas, Sept. 8.—Advices received here today indicate that war has broken out among Oklahoma cattlemen and federal inspectors over stringent rules which cattlemen declare are pushed to extremes and causing them heavy losses. Stockmen are refusing to submit to rules and several clashes are reported.

PARDON BOARD RECALLS MAN

DID NOT CONDUCT HIMSELF AS REQUIRED BY CONDITIONAL PARDON AND HE IS BACK AT WORK.

Special to The Journal.

Tallahassee, Sept. 8.—On September 1 there were submitted to the state board of pardons several letters from reputable citizens of the state, alleging that one Henry Jones, who was convicted in the circuit court of Polk county at the fall terms of 1902, of the offense of assault with intent to murder, and sentenced therefor to be imprisoned in the state prison for twenty years, and who, on December 5, 1908, was granted a pardon by the state board of pardons upon the condition that he thereafter, live a sober, peaceable and law-abiding life, and that upon violation of any such conditions, the state board of pardons or the governor may cause the said Henry Jones to be arrested by any sheriff or constable and immediately delivered to the state prison authorities, thereafter to suffer such part of said original sentence as had not already been suffered by him; and the said letters submitted to the board showing that the said Henry Jones had violated the conditions of said pardon, in that he had not led a sober, peaceable and law-abiding life, and the allegations of said letters having been referred to and fully investigated by one of the state supervisors of convicts, and such allegations being confirmed in a report submitted by said supervisor, it was

Ordered by the state board of pardons that the said Henry Jones be immediately arrested by any sheriff or constable, wherever found, and delivered to the state prison authorities to suffer such part of said original sentence as has not already been suffered by him.

It was further ordered that the commissioner of agriculture be authorized to take any and all steps necessary to carry out the provisions of this order.

Since the above meeting of the board, Jones has been arrested and again placed in the ranks of Florida's convicts.

Personal Mention.

Mr. Crowell Dawkins has completed his summer course at Cornell University and has accepted a position with the Oliver Mining Company, of Minnesota. It is in the chemical department of this company, which is one of the largest in America, that Mr. Dawkins will be employed.

Mr. George Ames leaves today for Haverford, Pa., where he will visit relatives. This young man was a graduate from the State University last summer, and will probably remain in Haverford to accept a position there.

Hon. W. H. Ellis, of Jacksonville, is one of the distinguished Floridians now in the capital.

Jesse L. Billingsley, who was chief clerk in the office of the attorney general during the last administration, was in the city a few days ago, before going down to St. Teresa for a short outing. Mr. Billingsley will return here and remain in Tallahassee until October, when he will take his law examination for admittance to the bar of Florida.

Dr. James Randolph returned yesterday to his official duties at Chattahoochee. The doctor left his family here on a visit to relatives.

WELLMAN GIVES UP.

Christiana, Sept. 8.—It is reported here that Walter Wellman has ordered the return of his property from Spitzbergen and also has abandoned plans for a trial for the North Pole next year.

NOTED PLAYRIGHT WHO RECENTLY DIED IN PARIS

Clyde Fitch, the noted American playwright, is dead in Paris, where he is reported to have undergone a surgical operation. Mr. Fitch went to France something over a month ago, to witness some theatrical productions, look after his interest in connection with the use of some of his plays in the European theatres and finish two plays that he was preparing for production in New York this season. He was in his usual health when he went abroad. Clyde Fitch was born in New York in 1865 and began writing plays as soon as he left school. He has written more than a score of successes.

BIRMINGHAM PARTIES Suing BISHOP ALLEN

CLAIM THEY WERE MALICIOUSLY ARRESTED AND THAT BISHOP AND BIRMINGHAM PRIEST WERE THE CAUSE.

By Associated Press. Birmingham, Ala., Sept. 8.—Andrew Verholk and George Pontilla today filed suits for damages in the circuit court against Edward P. Allen, the bishop of the Mobile diocese, which includes Birmingham, in the Catholic church, and Rev. Father Celestine, asking for five thousand dollars, claiming that they were maliciously arrested and that the defendants were the cause of the arrest, on charges of trespass after warning. The digging of a grave in the Catholic cemetery at Brookside, in this county, was the basis of the arrest and the plaintiffs in the damage suits were acquitted in the criminal court.

BROKE HIS SKULL.
Juvisy sur Orre, France, Sept. 8.—An autopsy over M. Lefebvre, the French aeronaut who was killed by

falling from his machine yesterday, shows he died from a fractured skull. The accident is attributed to the breaking of the rudder of the machine.

COMPTROLLER CALLS FOR BANK STATEMENTS

By Associated Press. Washington, Sept. 8.—The comptroller of the currency issued a call today for a statement of business of national banks at the close of business on September 1.

P. O. CLERKS TO FIGHT.
Atlantic City, Sept. 8.—The convention of the United States National Association of Postoffice clerks today voted to continue the fight against "back stamping" of letters with the time of receipt, claiming this prevents prompt distribution of the mails.

STRIKERS RETURN TO WORK.
Pittsburg, Sept. 8.—By a practically unanimous vote the strikers of the Pressed Steel Car plant today decided to return to work and accept the concessions granted by the company.
